

# HAUGHLEY in BLOOM

MAY 2022

Haughley in Bloom is a Parish owned and Parish Council supported initiative, which helps to enhance the natural Haughley environment for Haughley people and visitors alike. We believe this ongoing initiative is particularly important to parishioners who have no outdoor space, or can no longer manage their gardens.

The planting of floral displays throughout the Parish and the maintenance of plant containers are the responsibility of a small, but dedicated group of volunteers, many of whom have adopted containers outside or near their homes and generously give their time and energy to take care of them.

Whenever possible, plants, peat-free compost and other essential sundry items are sourced locally to support local businesses and help maintain a sustainable community.

# THE PLATINUM JUBILEE YEAR PROJECT

2022 is a special year: The long shadow of Covid is finally beginning to recede and

The country and of course, Haughley, is coming together to mark and celebrate the Queen's platinum Jubilee.

On the Green, 4 new containers made from recycled plastic have replaced the 5 old reclaimed wooden tubs, which were nearing the end of their natural lifespan. The containers were purchased from the company which supplies The Museum of East Anglian Life. The new containers' planting will feature a patriotic colour scheme, which will be replicated in the usual annual summer display.

## WATCH THIS SPACE

Pay a few quick visits to the Jubilee Display: see it grow and become established

## PLEASE HELP the HAUGHLEY in BLOOM Team keep all your containers looking good

The key to keeping the Haughley in Bloom display looking good is watering, especially during periods of drought. If you are lucky enough to have a container near you, please give it a drink when it looks a bit thirsty.

## Volunteers are very welcome!

Contact Yvonne to offer some of your time to help "Haughley in Bloom". No offer is too small!
